## Safety+ included as standard

Safety always comes first. We provide flexible tools to help our community maintain safety for visitors, students and employees, included as standard.

# Safe and secure visitor management

Replace outdated paper processes and keep your visitors, employees and students safe with a seamless sign in process that can be customised to your needs.

- Pre-register guests
- Take photos & print custom badges
- Be notified when visitors arrive
- Share important safety information
- Ask health & safety questions
- Manage your entry requirements

Streamlines the process of visitor management with a comprehensive range of features designed to ensure we have the information we need for security, health and safety and monitoring.

# Configure Sign In App to suit your school

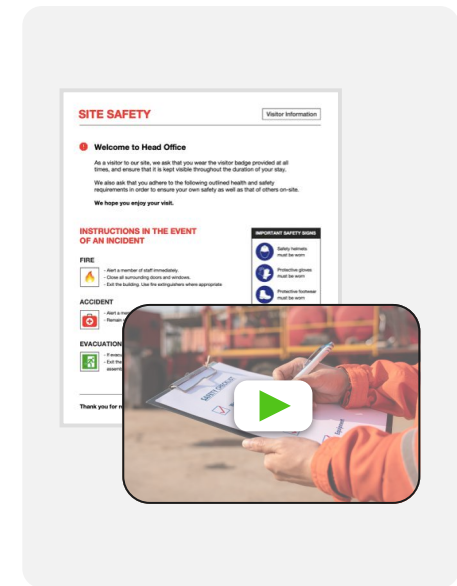

The sign in process can be customised for each group type to provide a streamlined experience.

Ensure visitors and staff read and accept important agreements and store securely in the online portal.

Add custom data fields and tailor them to each type of visitor to gather the data you need.

Share important information such as health & safety, safeguarding and privacy policies.

# Employee and contractor sign in

Transform the employee sign in experience, measure staff attendance and hours and collect the information you need. Ensure safety, control access and keep a record of agreed terms and policies.

Sign in quickly from an iPad, smartphone, QR code or RFID

Allow employees to sign in on-site and remotely

Sync with Azure AD, Google Workspace and MIS systems

Produce timesheet reports and ensure employee safety

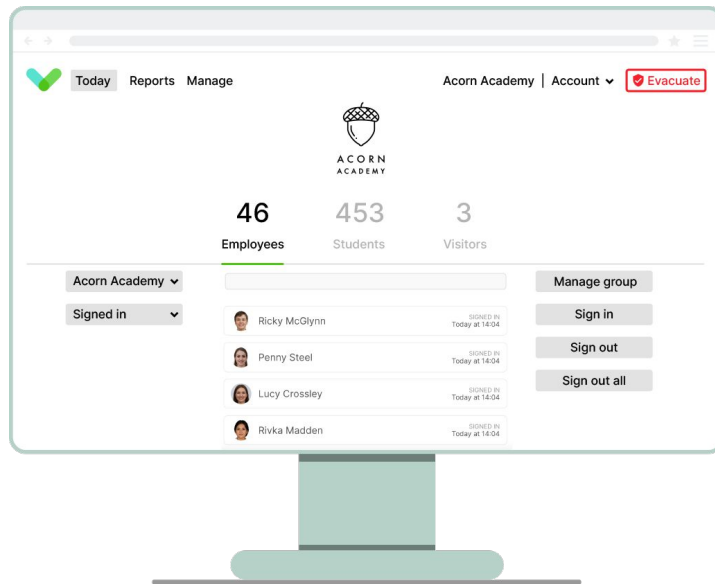

# Always be prepared for emergencies

Ensuring your evacuation report is an accurate reflection of everyone on site is critically important. By signing everyone in via Sign In App, you will always have an accurate, real-time evacuation list on-hand when and where you need it, on any mobile device.

- ▶ Timed roll calls shared across devices
- ▶ Add comments in real time
- ▶ Manage multiple evacuation points
- ▶ Review past evacuations
- ▶ Filter by personal field

# Scales for multi-academy trusts

Powerful multi-site management in one easy-to-use porta. Manage who can see each site and customise the sign in experience, tailoring it to each visitor group or location.

- No software to install
- See who's signed in and run reports
- Set up and manage sites centrally
- Manage portal user access

# Replace outdated Excel SCR spreadsheets

Add-on

Streamline school safety with simple, secure and compliant solutions for controlling access and maintaining your Single Central Record. Automatically prevent visitors from completing their sign in if they do not have the required documentation and send notifications for further action.

- Have full control over who can enter
- Easily onboard new employees
- Manage data across multiple sites
- Save time with an automated solution

 Sign In Central Record™

Add Sign In Central Record to your Sign In App subscription from just £349 annually.

### Stay informed and compliant

With automatic updates you can rest assured that your process is fully in line with industry requirements and ensure you comply with the latest guidelines.

### Prevent further entry

Sign In App can reject sign ins if an individual doesn't have the required documents in Sign In Central Record and notifications can be sent for further action.

### Enhanced DBS checks

Capture enhanced DBS checks and upload, list and assign other important documents to individual staff members such as copies of appropriate Right to Work documents.

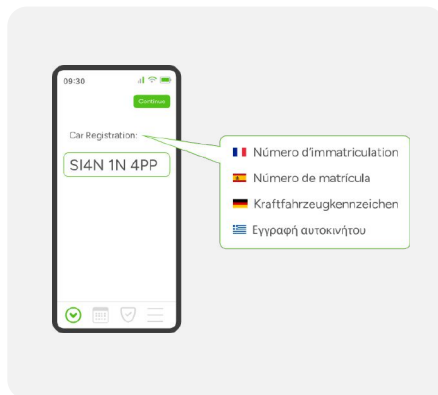

### Create custom reports

Quickly identify individuals without the relevant checks with intuitive dashboards and profile warnings. Easily export custom reports for Inspectors.

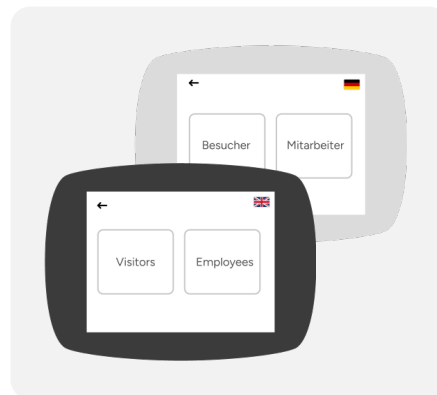

# An end-to-end multilingual experience

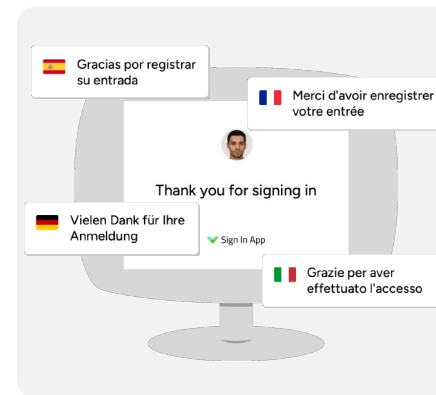

Ensure your visitors, employees and students have a seamless sign in experience with translations across the portal, iPad app and Companion app. You can add translations for all aspects of the sign in process, making it even easier for visitors to use the solution, no matter their preferred language.
